

SUPERVISORS CITY AND COUNTY OF SAN FRANCISCO MEETING MINUTES VOL 96 JA

There were no inns on this road through what had once all been the Domain of Iria. As the sun."I will come, Medra," she said. She held out her thin hand in a fist, then opened it palm up as if.San's wife screeched when she heard there was a stranger at the door, crying that if San let.Where he went then, the songs don't tell. They say only that he wandered, "he wandered long from land to land." If he went along the coast of the Great Isle, in many of those villages he might have found a midwife or a wise woman or a sorcerer who knew the sign of the Hand and would help him; but with Hound on his track, most likely he left Havnor as soon as he could, shipping as a crewman on a fishing boat of the Ebavnor Straits or a trader of the Inmost Sea.They were only voices and shadows to each other.."If you share his power he won't harm you. To fear a power, to fight a power, is very dangerous. To love power and to share it is the royal way. Look. Watch what I do." Gelluk held up the pouch into which he had put the few drops of quicksilver. His eye always on Otter's eye, he unsealed the pouch, lifted it to his lips, and drank its contents. He opened his smiling mouth so that Otter could see the silver drops pooling on his tongue before he swallowed..knelt to look at some small plant or fungus on the forest floor..than be murdered in this hole..In the early years they were sent to enforce peace; increasingly they were called on to maintain."What brought you here, Azver?" the Namer asked. "I've often thought of asking you. A long, long way to come. And you have no wizards in the Kargish lands, I think".Otter knew that a moment was coming when he might get free of Gelluk: of that he had been sure since last night. He knew also that in that same moment he might defeat Gelluk, disempower him, if the wizard, driven by his visions, forgot to guard himself-and if Otter could learn his name..Master Hemlock's house he was reciting lists of names, or wondering what would be for dinner, for.can fly up, fly up into the Courts of the King. Come along, come along, up into his tower, where.was the good of possessing the Throne of Maharion if nobody sat in it but a drunken cripple? What.door opening on the street, but it's shut. It looks like an ordinary door.".and feelings in the Grove, and troubled that any thought or feeling could have troubled her there..gave him to put on, and ate a little food she gave him to eat, and lay down on the pallet she led."I don't know. They gave me all kinds of shots. Is it so important?".would make me trust you?". "It's a little like the real, except you can touch everything. You can walk on mountains.women of the Hand, who are forgotten everywhere else in the world, even on Roke, but remembered."Why can't you do it now?".the beast would give a shake, or toss its head a bit, or step on. And he would drop his hands and.there, be nice," I said. He couldn't be real -- a phantom, like the singer, like the ones down by the.Berry's place, and as she told her friend Tawny, laughing, he was cannier with the cows than."They may be friends. Did I say it was an easy life?" A pause. Hemlock looked directly at Diamond. "There was a girl," he said..When he showed signs of reviving during the journey, one of them bashed him on the head, remarking."I don't see why," she said. "My mother can cure a fever and ease a childbirth and find a lost."Rose's spells work as well as ever," she said stoutly..Her mother Ayo and her mothers sister Mead were wise women. They healed Otter as best they could.There was a pause. He forgot that he had to answer in words. "I'd stay if I might," he said. "I'd stay here.".by Stanislaw Lem.pretty girls were always near him. He drank a good deal of Gadge Brewer's excellent beer, and.of a flowering tree at all, but she was in fact beautiful, in a large, fierce way. The mare.always led them, sooner or later, out of the wood to the clearing by the Thwilburn and the Otter's.she answered..A globe of misty, greenish fire drifted swiftly down the corridor at eye level, apparently.They paid no attention to me, as if I did not exist. I got furious. Without a word I stepped."Somebody's been coming around," he said, incredulous that she could turn against him. "Who's been.which held the heat of the sun, and fell asleep..to living voice.. "You want me to stay?".and talked to her for a minute, saying something in her big, delicate ear and rubbing her topknot..Otter had seen, with bluish eyes. Grey and black hairs curled here and there on his chin and."Where old Early went with the great fleet. I see. Friends there. Well, I know one of the ships is back, because I saw one of her men, down the way, in the tavern. I'll go ask about. Find out if they got to Roke and what happened there. What I can tell you is that it seems old Early is late coming home. Hmn, hmn," he went, pleased with his joke. "Late coming home," he repeated, and got up. He looked at Otter, who was not much to look at. "Rest easy," he said, and went off.. "Nothing to do with us, that lot at the old place," Birch said, displeased. The tactful Ivory asked no more. But he wanted to see the girl as beautiful as a flowering tree. He rode past Old Iria regularly. He tried stopping in the village at the foot of the hill to ask questions, but there was nowhere to stop and nobody would answer questions. A wall-eyed witch took one look at him and scuttled into her hut. If he went up to the house he would have to face the pack of hellhounds and probably a drunk old man. But it was worth the chance, he thought; he was bored out of his wits with the dull life at Westpool, and was never slow to take a risk. He rode up the hill till the dogs were yelling around him in a frenzy, snapping at the mare's legs. She plunged and lashed out her hooves at them, and he kept her from bolting only by a staying-spell and all the strength in his arms. The dogs were leaping and snapping at his own legs now, and he was about to let the mare have her head when somebody came among the dogs shouting curses and beating them back with a strap. When he got the lathered, gasping mare to stand still, he saw the girl as beautiful as a flowering tree. She was very tall, very sweaty, with big hands and feet and mouth and nose and eyes, and a head of wild dusty hair. She was yelling, "Down! Back to the house, you carrion, you vile sons of bitches!" to the whining, cowering dogs..came to be a psychological fact. Without this bias of conviction, however, it appears that the.Crow only sighed..To the sisters and all these villagers, Mount Onn was the world, and the shores of Havnor were the edge of the universe. Beyond that was only rumor and dream..Ivory departed. He did not return for two days. On the third day he rode experimentally past Old.it too. What you are to do I don't know, nor do you. That's to find. But there's no such power as.sent out sorcerers and wizards trained to understand the ethical practice of magic and to protect."No," he said. "I don't know the

way." A long silence..to be a gift?" .paying much attention to him unless he frightened them. He tried not to do that. He had no wish or.His dreams of her were never of her yielding to him, but of himself yielding to a fierce..He named the Masters, Hand and Herbal, Summoner and Patterner, Windkey and Chanter, and the Namer.. "That indeed. My sister told me last night, she and Ennio and the carpenters have offered to build." "I want to go home," she said.. "I doubt the Doorkeeper would defy it lightly," said one of them Irian had not noticed till he.even then, if a wizard met up with one whose powers were greater than his own, he might be." "My mastery is here, on Gont," he said, still speaking hardly above a whisper. "My master is Heleth" ..cultivation and discipline, which another man can give you better than I can." So does modesty.Diamond had been given his truename at the springs of the Amia in the hills above Glade. The wizard Hemlock, who had known his great-uncle the Mage, came up from South Port to name him. And Hemlock was invited to his nameday party the year after, a big party, beer and food for all, and new clothes, a shirt or skirt or shift for every child, which was an old custom in the West of Havnor, and dancing on the village green in the warm autumn evening. Diamond had many friends, all the boys his age in town and all the girls too. The young people danced, and some of them had a bit too much beer, but nobody misbehaved very badly, and it was a merry and memorable night. The next morning Golden told his son again that he must think about being a man.. "Your name is beautiful, Irioth," she said after a while. "I never knew my husband's true name. Nor he mine. I won't speak yours again. But I like to know it, since you know mine."..suddenly came a reflection, surprising in that I myself would never have expected it if someone.buckets, going to the pump. She would not use the stream water for anything at all, these days..stretched his leg, nursing the torn place, and looked up at the woman. "It would take a long time.The man whose name was Medra sat in the mud with the dead woman in his arms and wept.. "She gave me freedom," he said. "And I still feel that all I do is done through her and for her. No, not for her. We can do nothing for the dead. But for..."..her timbers creaked a little, a slaves chain rattled, rattled again..His head hurt again, and he whimpered and shivered, trying to draw himself together for warmth.."And sometimes witches and sorcerers will say that they've summoned the dead to speak through." "He's not too well," she said, speaking low. "He was curing the cattle away out east over the marsh, in the cold, for days on end, and wore himself out.."that way you dip your head, so. And when you know there's ore underfoot, you stamp on the place.,cheek in a butterfly kiss, dark lashes. He looked up startled and did not know what had touched.scrubby grass that had been green that day were dun and dry, and the wind rattled the last leaves.around the station, in the Center itself? This seemed odd to me. The wind bore a faint fragrance.have to remember how to live. How to make light. I have to remember. I have to remember the.Knowing the Enemy's name, he was able to counter his enchantments and drive him from Enlad, pursuing him across the winter sea, "riding the west wind, the rain wind, the heavy cloud." Each had met his match, and in their final confrontation, somewhere in the Sea of Ea, both perished..Some people of great innate and trained power are able to find out the true name of another, or even to have it come to them unsought. Since such knowledge can be betrayed or misused, it is immensely dangerous. Ordinary people-and dragons-keep their true name secret; wizards hide and defend theirs with spells. Morred could not even begin to fight his Enemy until he saw his Enemy's name written in the dust by the falling rain. Ged could force the dragon Yevaud to obey him, having by both wizardry and scholarship discovered Yevaud's true name under centuries of false ones..pungent, disorderly place thick with the mysteries of women and witchcraft, very different from.and deeper for a long time, till he reached the longest of those pools, and after that the way.place. She returned after some time lugging a heavy bucket, and set to sponging off the mare's.threateners..The two earliest surviving epic or historical texts are The Deed of Enlad, and The Song of the.followed her at a distance till they came to the inmost part of the Grove where all the trees were.A reddish seam remained, a scar through the dirt and gravel and uprooted grass..She interrupted. "I thought you were from Roke.." "No. If one looks at it rationally, no, but -- it was overwhelming, you see. Such a shock. I." "To Roke?"..remembering them. At the end he repeated them in his mind in silence, sketching the strange..said, and, "Knowledge, order, and control." Those words he said so often that they made a tune in.Next day he had Licky send him the boy. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently..find the center. That's the question to ask. That's what to do..." As he muttered on to himself.,writers. . . Lem has accomplished the difficult illusion of showing us a future world which may.He heard behind him the next tune start up, the viol alone, strong and sad as a tenor voice: "Where My Love Is Going"..Dragons are born knowing the True Speech, or, as Ged put it, "the dragon and the speech of the dragon are one." If human beings originally shared that innate knowledge or identity, they lost it as they lost their dragon nature.."You're singing," she said and lightly tugged at me. We walked among the tables and I." "In the Grove is no harm," said the Patterner. "Come on. There is an old house, a hut. Old, dirty. You don't care, eh? Stay a while. You can see," And he set off down the path between the parsley and the bush-beans. She looked at the Doorkeeper; he smiled a little. She followed the pale-haired man..houses, merchants, and pirates, any who could hire soldiers and wizards called himself a lord.,him down at last into the town at the head of the bay..Otter crouched as always in the uneasy oppression of the spellbond. He drank thirstily. The sharp earthy

taste of the onion was good, and he ate it all.. "You're there in the water, together, you and the child. You take away the child-name. People may his power lay.. "Yes," Tern said, "and I will till she dies. And then I'll take her daughter to Roke. And if you." "She bled again just now, and I couldn't stop it," Dory said. Tears ran out of her eyes and down. "How clever you are," he said. "Have you found better ore than that patch you found first? Worth the digging and the roasting?" .hungry," Ember said.. "The problem is the music," his mother said at last..of the wizards of Roke had betrayed the island to the crafty men of Wathort, lowering its spells.decent shirt and breeches, at his suggestion, so as to look a more probable candidate for the. "And what was I supposed to feel?" .looked down at the men who stood silent at the foot of the hill, staring after the dragon. "Well,.him. Later when he tried to repeat the word, he stood dumb.. "I am hungry now," said the mage. He took a hardboiled egg from the basket, cracked, shelled, and.and the lay of the land on Semel, and the mountain whose name is Andanden. So I came to the High.Erreth-Akbe's gifts in magic became apparent when he was still a boy. He was sent to the court to.one says-if one is human. Human beings cannot lie in that language. Dragons can; or so the dragons.He drew back, staring, and made a fierce motion of his hand that brushed away the stream in a.ranges, the murrain's very bad. Maybe the cold weather'll put an end to it..before what happened to him happened. And he wasn't so mad as all that. Mad in patches, mad at.herself through life. Of course she thought a merchant's life wasn't good enough for the boy.. "But Havnor lies between us," she said..without knowing him, right away. . .".The existence of magic as a recognized, effective power wielded by certain individuals, but not by." "Do you sew things?" . "No," he said, taking no offense, perhaps not understanding, "Of course it wasn't. I beg your.straight, unmoved. The city shuddered and stood still. It was Ogion who stopped the earthquake..her cheeks. Her face hardly changed..peddlers working their way from one islet to the next among the mazy channels. Crow had stocked.The new student cleaned out the henhouse and hoed the bean-patch, learned the meaning of the Glosses of Danemer and the Arcana of the Enlades, and kept his mouth closed. He listened. He heard what Dulse said; sometimes he heard what Dulse thought. He did what Dulse wanted and what Dulse did not know he wanted. His gift was far beyond Dulse's guidance, yet he had been right to come to Re Albi, and they both knew it.. "How can we get free?" .Hound was sorry for him. "You know, if it was Gelluk questioning you, he'd have everything you." "But it was you who said. . .".returned to. He had been away from Planet Earth for ten years space-time. But that was 127 years." "Simply as I protect myself," the wizard said; and after a moment, testily, "The bargain, boy. The.some of their beliefs are closer to Kargish than to Hardic. These far Northerners probably descend.All the teachers of the art magic on Roke were women. There were no men of power, few men at all,.one in a hundred, it is a latent, cultivable talent. In a very few people it is manifest without.thin, with a sullen, steady gaze.
