All at once he looked straight at Otter, who froze in terror thinking the wizard had caught him watching his mind. Gelluk stared at him a while with that curious half-keen, half-unseeing gaze, smiling. "Little Medra!" he said, as if just discovering he was there. He patted Otter's shoulder. "I know you have the gift of finding what's hidden. Quite a great gift, were it suitably trained. Have no fear, my son. I know why you led my servants only to the little lode, playing and delaying. But now that I've come, you serve me, and have nothing to be afraid of. And there's no use trying to conceal anything from me, is there? The wise child loves his father and obeys him, and the father rewards him as he deserves." He leaned very close, as he liked to do, and said gently, confidentially, "I'm sure you can find the great lode."..She shrugged. Her father's ancestors had owned a wide, rich domain on the wide, rich island of Way. Claiming no title or court privilege in the days of the kings, through all the dark years after Maharion fell they held their land and people with firm hands, putting their gains back into the land, upholding some sort of justice, and fighting off petty tyrants. As order and peace returned to the Archipelago under the sway of the wise men of Roke, for a while yet the family and their farms and villages prospered. That prosperity and the beauty of the meadows and upland pastures and oak-crowned hills made the domain a byword, so that people said, "as fat as a cow of Iria", or, "as lucky as an Irian". The masters and many tenants of the domain added its name to their own, calling themselves Irian. But though the farmers and shepherds went on from season to season and year to year and generation to generation as solid and steady as the oaks, the family that owned the land altered with time and chance. "How strange you are! It's altogether as though you weren't. . ." She broke off. "Do you trust me, Dragonfly?" the trees was never twice the same. "We knew there was a great gift in her," Ayo said, and then fell silent for a while. "We didn't. The slave stood by, motionless. All the people who worked in the heat and fumes of the roaster tower were naked or wore only breechclout and moccasins. Otter glanced again at the slave, thinking by his height he was a child, and then saw the small breasts. It was a woman. She was bald. Her joints were swollen knobs in her bone-thin limbs. She looked up once at Otter, moving her eyes only. She spat into the fire, wiped her sore mouth with her hand, and stood motionless again. The Herbal, and I too, judged the Summoner dead. We thought the breath he breathed was left from some spell of his own art that we did not understand, like the spell snakes know that keeps their heart beating long after they are dead. Though it seemed terrible to bury a breathing body, yet he was cold, and his blood did not run, and no soul was in him. That was more terrible. So we made ready to bury him. And then, by his grave, his eyes opened. He moved, and spoke. He said, "I have summoned myself again into life, to do what must be done." before the staggers begin. And those not struck yet, he says he can keep it off em. So the. "I've been thinking about it," she said, hurried and earnest. "Couldn't I just tell them who I am?" "There's nobody in the village could change that," she said. She looked up into his face for a do it, he denied his death. So he denies life." My expression amused her. I looked at her; she stopped smiling. The old wizard stood there. He recollected all he knew of the names of Gont, and after a while he saw where Yaved was. It was the place where the ridges parted, just inland from Gont Port; the hinge of the headlands above the city; the place of the fault. An earthquake centered there could shake the city down, bring avalanche and tidal wave, close the cliffs of the bay together like hands clapping. Dulse shivered, shuddered all over like the water of the pool. "Nothing to do with us, that lot at the old place," Birch said, displeased. The tactful Ivory asked no more. But he wanted to see the girl as beautiful as a flowering tree. He rode past Old Iria regularly. He tried stopping in the village at the foot of the hill to ask questions, but there was nowhere to stop and nobody would answer questions. A wall-eyed witch took one look at him and scuttled into her hut. If he went up to the house he would have to face the pack of hellhounds and probably a drunk old man. But it was worth the chance, he thought; he was bored out of his wits with the dull life at Westpool, and was never slow to take a risk. He rode up the hill till the dogs were yelling around him in a frenzy, snapping at the mare's legs. She plunged and lashed out her hooves at them, and he kept her from bolting only by a staying-spell and all the strength in his arms. The dogs were leaping and snapping at his own legs now, and he was about to let the mare have her head when somebody came among the dogs shouting curses and beating them back with a strap. When he got the lathered, gasping mare to stand still, he saw the girl as beautiful as a flowering tree. She was very tall, very sweaty, with big hands and feet and mouth and nose and eyes, and a head of wild dusty hair. She was yelling, "Down! Back to the house, you carrion, you vile sons of bitches!" to the whining, cowering dogs. cars, from high up, someone was watching me. I went closer to the edge of the light and saw the the hill. "Maybe Segoy who made them could unmake them. Maybe the earth will destroy herself." "What does Thorion intend?" asked the Namer.
