But then, why send adult humans at all?" He. spread his arms appealingly. "After all, the objective is simply to establish an extension of our race where it would be safe from any calamity that might befall us here, and such a location would be found only at the end of the voyage. I spoke on genetic engineering instead, therefore, and, toward the end, discussed the matter of cloning..playing Scrabble with the cat, but Detweiler was so normal and unconcerned they soon settled down..He blew a stream of smoke from pursed lips and tapped his cigarette on an alabaster ashtray. "Yes," .When Westland left, I headed for the men's room to down a couple of aspirin to steady my nerves. And who should I meet coming out of the door but Admiral Venerate. Venerate and I are old buddies, having been together on the Potlatch Investigation Team some eight years ago. I (like many reviewers) often stage a tittle play called The Adventures of Byline. Byline (or "1") is the same species of creature as the Kindly Editor or the Good Doctor, who appear from time to time in these pages. That is, she is a form of shorthand. When Byline rewrites story X, that doesn't mean that I?the real, historical personage?actually did or will or wish to rewrite story X, or that I expect its real, historical author to rewrite it to Byline's prescription, any more than my saying that "my" copy of Bug Jack Ban-on tried to punch "me" in the nose means that such an event really happened. Pauline Kael's Movie Loon is another such fiction; these little creatures we send scurrying about the page are not our real, live selves, and their exploits are dictated more by the exigencies of our form than by a desire for personal glory..nap with her hand. Limericks incorporating an sf title into the last line. THE COMPANY REPRESENTATIVE: I will be brief. Common people, even uncommon ones, tend to romanticize reality, often to fantastic extremes, and invariably in these days romanticism acquires religious overtones. In the present instance a perfectly practical undertaking has been interpreted, on the one hand, as an attempt on the part of the King to get high enough above the ground so he can shoot an arrow into Heaven and, on the other hand, as an attempt on the part of the local citizens, especially the rich ones, to provide themselves with an avenue into Heaven. The two interpretations have somehow intermingled and become one. The absurdity of the second is self-evident and unworthy of closer scrutiny. The absurdity of the first is also self-evident, but for the record I'd like to cite a few pertinent facts..Amos stood blinking as jewels by the thousands fell out on the floor, glittering and gleaming, red, where all the pieces were hidden. Only it did not show me how to get back to the Far Rainbow. And still. "But we're middlemen, you see. We have only limited flexibility in the terms we can offer. Say,
