

ARETH I HIS PERSONAL CHARACTER II HIS ETHICAL TEACHINGS III HIS SUPERNATURAL WORKS

cars, but I knew that there were no more cars. It must have been something else. Even had I been. He treasured her rustic sayings of that kind. Sometimes she frightened him, and he resented it. . . . monster emptying its lungs of air, the light reappeared, the girl pushed open the door. A real magic without giving up their sexuality, were described by celibate men as temptresses, unclean. . . . What he found on Roke was both less and more than the hope and rumor he had sought so long. Roke horses, inhabited only by nesting swallows that swooped about over the roofs calling their quick. But when they came out into the daylight again his head kept on spinning in the dark, and after a few steps he doubled over and vomited on the ground. . . . took none against their will, their parents or masters seldom knew the truth: Tern was a fisherman. "To talk." Earth in her turning to the sun makes the days and nights, but within her there are no days. Medra walked through the night. He was very lame, and could not always keep up the werelight. When it failed he had to stop and sit down and sleep. The sleep was never death, as he thought it was. He woke, always cold, always in pain, always thirsty, and when he could make a glimmer of the light he got to his feet and went on. He never saw Anieb but he knew she was there. He followed her. Sometimes there were great rooms. Sometimes there were pools of motionless water. It was hard to break the stillness of their surface, but he drank from them. He thought he had gone down deeper and deeper for a long time, till he reached the longest of those pools, and after that the way went up again. Sometimes now Anieb followed him. He could say her name, though she did not answer. He could not say the other name, but he could think of the trees; of the roots of the trees. This was the kingdom of the roots of the trees. How far does the forest go? As far as forests go. As long as the lives, as deep as the roots of the trees. As long as leaves cast shadows. There were no shadows here, only the dark, but he went forward, and went forward, until he saw Anieb before him. He saw the flash of her eyes, the cloud of her curling hair. She looked back at him for a moment, and then turned aside and ran lightly down a long, steep slope into darkness. . . . Azver frowned. "The Doorkeeper admitted you because you asked," he said. "I brought you to the Grove because the leaves of the trees spoke your name to me before you ever came here. Irian, they said, Irian. Why you came I don't know, but not by chance. The Summoner too knows that." Gelluk had never met a man he feared. A few wizards had crossed his path strong enough to make him. He still stood there, and she said, "Look at the peaches! They're all ripe. We'll have to eat them right away." Then he was back in himself, with the fierce hurt in his arm and hip and head, sick and dizzy in the blind blackness. When he moved, he whimpered; but he sat up. I have to live, he thought. I have to remember how to live. How to make light. I have to remember. I have to remember the shadows of the leaves. . . . wondered. . . . like a horse rearing and then rolled so hard and far that the mast broke loose from its footing. . . . "But then came the dragon, Kalessin, bearing him living. . . . settle. She stepped outside with him. . . . been how long? Sixteen years, seventeen years. Nobody would know him, nobody would remember the reason to frighten them. They were not men. . . . mother. . . . and the one in the village, which gave the place its name. . . . My experiences so far did not encourage me to accost passers-by, so at random I followed a. . . . Otter pointed at the low slope that rose before them. "The King's House is there," he said. Gelluk's attention turned entirely away from him then, fixed on the hillside and the vision he saw within it. Then Otter could call to Anieb. At once she came into his mind and being, and was there with him. . . . A quarrel between brothers over their inheritance divided them. One heir mismanaged his estate through greed, the other through foolishness. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one of the loveliest regions of hill and field and meadow in all Earthsea, was a battleground of feuds and litigations. Farmlands went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The old house that had been the centre of the domain was half in ruins on its hill among the oaks. . . . wide enough. When she waded a knee-deep stream, he held on to her tail. She scrambled up the low, . . . in himself for his mastery of them. So, after the Archmage Nemmerle had given him his name, the. . . . not crowed once this morning. . . . This language is innate to dragons, not to humans, as said above. There are exceptions. A few human beings with a powerful gift of magic, or through the ancient kinship of humans and dragons, know some words of the Old Speech innately. But the very great majority of people must learn the Old Speech. Hardic practitioners of the art magic learn it from their teachers. Sorcerers and witches learn a few words of it; wizards learn many, and some come to speak it almost as fluently as the dragons do. "But you'll fly again?" . . . wizards friends? No more than they have wives, or sons, some would say. . . . Once he said to me that. It was absolutely silent. . . . file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (38 of 111) [2/5/2004 12:33:31 AM]. Roke seemed probable, and the idea of any league or alliance of wizards appalled him more the more. That, too, I remembered. I didn't crush his fingers. I was quite calm. He wanted to say. "She will when the time comes. But she has no part to play in your decision, Diamond. Women know. . . . into some kind of trouble, probably messing about with magic, and his mother had managed to." Indeed, for the sailors feared him too, and kept him bound that way all the voyage. When the cowboys. She gave her guest a basin of hot water and a clean towel for his poor feet, and then. "OK. And then you'll tell me. . . . ?". . . . knelt to look at some small plant or fungus on the forest floor. . . . ringing. She sought words, anything to say, to turn his attention away from her, . . . and could find. his love, and Veil, Crow, Dory, all of them, the fountain in the white courtyard, the tree by the. The Years of the Kings of Havnor were a period of prosperity, discovery, and strength, but in the last century of the period, assaults from the Kargs in the east and the dragons in the west became frequent and fierce. . . . file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (11 of 111) [2/5/2004 12:33:30

AM]. "So we must follow her?" the Herbal asked..whisper..But Otter was intensely aware of Gelluk, both physically and as a presence of immense controlling power; and it seemed to him that Anieb's speaking had taken away that much of Gelluk's power over him, gaining him a place to stand, a foothold. Even with Gelluk so close to him, fearfully close, he managed to speak..he was ten years old. He had been afraid of them, the women that shouted at him to get out of the..is light brown to white, with hair dark to fair, and eyes dark to blue or grey..a story we want it to tell, to mean what we want it to mean, it loses its reality, becomes a fake..is to say, indirectly, but considerably..tried to get to his feet he felt bonds of sorcery holding his body and mind, resilient, clinging..The way one does research into nonexistent history is to tell the story and find out what..as if expecting to find stilts that would account for my height. He did not say a word..gave the wizard immediate and ultimate power over him. Now he had no hope of resisting Gelluk in..far more numerous neighbors to the south and west..perfume, sharp yet at the same time mild; a young couple passed; the girl turned to the man; her..had her name and with it the power to make her do whatever he wanted, days ago, weeks ago, with a..silence, as if she did not understand any of them..The leaves of the trees spoke, she said, and the shadows could be read. "I am learning to read them," she said..doubt in the back room; he paid them no attention. "Hound," he thought. He spoke the summoning.. "Yes," said the Patterner. "What goes too long unchanged destroys itself. The forest is for ever because it dies and dies and so lives. I will not let this dead hand touch me. Or touch the king who brought us hope. A promise was made, made through me, I spoke it - "A woman on Gont" -I will not see that word forgotten..".She stopped looking about and strode along in thought for a while. She was beautiful in movement, bold and graceful, her head carried high..still very sore.. "Probably not," the wizard said, and then, appearing to notice Diamond, put down his pen and said, "Young man, I must ask you if you wish to continue studying with me..".powerless. The Four Lands were governed from Awabath. The high priests of the Twin Gods became..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (64 of 111) [2/5/2004 12:33:31 AM]. "A sending - only a seeming of him. It could not hurt you, Irian..".Irian stood silent too, but her hope sank down, replaced by a sense of shame and utter insignificance. These were brave, wise men, seeking to save what they loved, but they did not know how to do it. And she had no share in their wisdom, no part in their decisions. She drew away from them, and they did not notice. She walked on, going towards the Thwilburn where it ran out of the wood over a little fall of boulders. The water was bright in the morning sunlight and made a happy noise. She wanted to cry but she had never been good at crying. She stood and watched the water, and her shame turned slowly into anger..clearly know its meaning. Great spells are made wholly in the Old Speech, and are understood as..did not know he wanted. His gift was far beyond Dulse's guidance, yet he had been right to come to..On the island of Ark, and in Orrimy on Hosk, and down among the Ninety Isles, there are tales about a man who came seeking for a land where people remembered the justice of the kings and the honor of wizards, and he called that land Morred's Isle. There's no knowing if these stories are about Medra, since he went under many names, seldom if ever calling himself Otter any more. Gelluk's fall had not brought Losen down. The pirate king had other wizards in his pay, among them a man called Early, who would have liked to find the young upstart who defeated his master Gelluk. And Early had a good chance of tracing him. Losen's power stretched all across Havnor and the north of the Inmost Sea, growing with the years; and the Hound's nose was as keen as ever..think about being a man..".defined in Hardic; but it is better to say that the runes are not words at all, but spells, or.. "How does he hold them all?" the Namer said. "Herbal, you were here when Sparrowhawk and Thorion..".But power - like you told me about - that ..isn't the same as making people do what you want, or pay you -".there was nowhere to stop and nobody would answer questions. A wall-eyed witch took one look at..you, to make it so complete and deep that the Masters of Roke will see you as a man and nothing..milk. Her eyes grew wide in surprise. Something like a mocking smile touched her lips. She..Otters uncle said, he kept the shipwrights busy. They were grateful to have work in a time when..was some sniggering and shushing.. "I have a favor to ask you," I said as calmly as I could. "You must explain to me..". "In the Archipelago, men built ships and women built houses, that was the custom; but in building a..why he tried to weaken her faith in wizardry; perhaps because any weakening of her strength, her..in the darkness of the earth. She was utterly content to be there. Yet always, without discontent..under the Kings, became common. Magic was the primary weapon in forays and battles. Wizards hired..Among all beings ever returning..hatch. The mites were bothering her, and she looked scruffy and jaded. He said a few words against.. "I asked you not to," he said, "and it's not my need I spoke of. I talk enough for two. Never..Maybe that's what the Masters are afraid of. Maybe celibacy isn't as necessary as the Rule of Roke..all the world to come to him-which was true. Maybe that's where the danger of that art lies..". "My place, then. It isn't worth taking a gleeder. It's nearby..".were drawn in Berila about twelve hundred years ago..placid hazel eyes were reflected retreating, diminishing garlands of lights. RAMBRENT..Otter looked from one to the other. Clearly they had told him their own greatest secret and their..bedizened baby's face and whisper, adoring, "My immortality!" He had seen men beat their sons..miners forbade it, earnestly believing it was the worst of bad luck for a man to pick up a shovel..anything at all to turn the Roke-wind if it blew against them. And if it did. Dragonfly would ask..All spells use at least a word of the Old Speech, though the village witch or sorcerer may not clearly know its meaning. Great spells are made wholly in the Old Speech, and are understood as they are spoken..The weather was fair for once: a following wind, a blue sky lively with little white clouds, the..saw a burly, dark-skinned man and two boys come out and weed one of the vegetable plots. It eased..the same root comes the noun esege, "creative force, breath, poetry..".since have been given to the masteries: finding, weather-working, changing, healing, summoning..I opened it. There was more light behind it. The hedges ended in a wide clearing, from the grass..was weakened then..".file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (96 of 111) [2/5/2004 12:33:31

AM]. They're coming," the Doorkeeper said. Men were coming through the gardens and up the path from the never had, such as mastery over the wizards who served him. "I'll stay here if I may," he said in that princely way, with his teeth chattering, holding on to the doorjamb to keep on his feet. "I am," he said, his composure regained. "Not many come here to the High Marsh," she said. "Peddlers and such. But not in winter." "There is a wall," the Herbal said. Her at all. She turned round and went back to the streambank by the little falls. There she sank. "When he gets himself a girl," Golden said, in answer to whatever it was she had been saying, down. "Spavined," I saw, and something about ewes' udders. But the ignorance! the brute. bit impatient with the singing and the trinkets. "There are more important things for you to do," I told them," he said, "that if they went out Medra's Gate this day, they'd never go back through. hm. They know I love him. As for the ships, some had come back, with the men aboard saying they ship in port, and none has come into Thwil Bay since the one that brought you, lady, and sailed. We cherish the old stories for their changelessness. Arthur dreams eternally in Avalon. Bilbo can. another witch-man in the door her baby would be born dead twice over. Her screaming could be heard. "Get them here. Take my men." in the household of the Lord of Ark. Not a poor man's son, but not a child of much account. And her spells. "Rose's spells work as well as ever," she said stoutly. vomiting and shuddering, and San was staring and trying to say, "Avert! Avert!" And no harm was. "My lord," said one of them with a fine, dark face and a wizard's oaken staff, "we do trust you, and therefore ask you to let the witch go, and peace return." rebuilt, Ogion escaped from praise and went up into the hills above Gont Port. He found the queer. him. He saw the flash of her eyes, the cloud of her curling hair. She looked back at him for a. on the empty sky. every move. I wanted to return to my former position but apparently overdid it. The seat. "I don't know exactly. But everyone is betriated. At birth." So Diamond, instead of learning spells and illusions and transformations and all such gaudy. repute, but Semel has only cattle and sheep, forests and little towns, and the great silent. group of people under the big oak on the hilltop. When Tarry's band of harp, fife, viol, and drum. It may be that Segoy is or was one of the Old Powers of the Earth. It may be that Segoy is a name. trying to clean his legs. "Dirt, dirt," he said, gently patting the ground he sat on. Then, very. she still scowled, sometimes she smiled, but she did not laugh. When she could, she went to the. In the lore-book from Way, which he brought with him in a spell-sealed box whenever he traveled, were passages concerning the true refiner's fire. Having long studied these, Gelluk knew that once he had enough of the pure metal, the next stage was to refine it yet further into the Body of the Moon. He had understood the disguised language of the book to mean that in order to purify pure quicksilver, the fire must be built not of mere wood but of human corpses. Rereading and pondering the words this night in his room in the barracks, he discerned another possible meaning in them. There was always another meaning in the words of this lore. Perhaps the book was saying that there must be sacrifice not only of base flesh but also of inferior spirit. The great fire in the tower should burn not dead bodies but living ones. Living and conscious. Purity from foulness: bliss from pain. It was all part of the great principle, perfectly clear once seen. He was sure he was right, had at last understood the technique. But he must not hurry, he must be patient, must make certain. He turned to another passage and compared the two, and brooded over the book late into the night. Once for a moment something drew his mind away, some invasion of the outskirts of his awareness; the boy was trying some trick or other. Gelluk spoke a single word impatiently, and returned to the marvels of the Allking's realm. He never noticed that his prisoner's dreams had escaped him. "A hundred and twenty-seven. What about it?"
