Instead, the egg cell's half set merely duplicates itself, producing a full set, all from the female parent, and the egg then proceeds to divide and become an independent organism, again a kind of clone.."You have answered all three'questions wrong," said Lea, sadly. Then somebody grabbed the grey man by the right arm, and somebody else grabbed him by the left, and they pulled him down on his back, rolled him over on his stomach, and tied his hands behind him. One picked him up by the shoulders and the other by the feet, and they only paused long enough to get the mirror from the clearing, which the unicorn let them have gladly, for there was no doubt that they could have answered Lea's questions..& even Uteley.After about two hours, in which Detweiler grew progressively more ill, I excused myself to go to the.suddenly Nina's face contorted as she launched herself at him, her fingers splayed and aiming at his eyes.."I'd love to." I am a prisoner here because a skinny grey man stole a map from me and put me in the brig so I could not get it back from him. But why am I the Prince of the Far Rainbow? That is exactly the question asked me a year ago today by a wizard so great and so old and so terrible that you and I need never worry about him. I answered him, 'I am Prince because my father is King, and everyone knows I should be.' Then the wizard asked me, 'Why should you be Prince and not one of a dozen others? Are you fit to rule, can you judge fairly, can you resist temptation?' I had no idea what he meant, and again I answered, 'I am Prince because my father is King.' The wizard took a mirror and held it before me. 'What do you see?' he asked. 'I see myself, just as I should, the Prince of the Far Rainbow,' said I. Then the wizard grew furious and struck the mirror into three pieces and cried, 'Not until you look into this mirror whole again will you be Prince of the Far Rainbow, for a woman worthy of a prince is trapped behind the glass, and not till she is free can you rule in your own land.' There was an explosion, and when I woke up, I was without my crown, lying dressed as you see me now in a green meadow. In my pocket was a map that told me where all the pieces were hidden. Only it did not show me how to get back to the Far Rainbow. And still I do not know how to get home."..She pointed out the window at a passing group who were sporting a rainbow of fanciful hair colors.Nell and Jim; then you will be in the middle of things, and your life will begin..In thirteen minutes the firefight was all over. Colman stood on the gravel bank of the stream and watched as a bewildered major was led from the enemy bunker, followed by his numb staff, who joined the gaggle of disarmed defenders being herded together under the watchful eyes of smirking Third Platoon guards. The primary objective had been to take prisoners and obtain intelligence, and the crop had yielded two captains in addition to the major, a first and a second lieutenant, a chief warrant officer, a sergeant major, two sergeants, and over a dozen enlisted men. Moreover, the call-sign lists and maps had been seized intact, along with invaluable communications and weapons-control equipment.
