Roke Island was, they told him, the heart of Earthsea. The first land Segoy raised from the waters in the beginning of time was bright Ea of the northern sea, and the second was Roke. That green hill, Roke Knoll, was founded deeper than all the islands. The trees he had seen, which seemed sometimes to be in one place on the isle and sometimes in another, were the oldest trees in the world, and the source and center of magic.."Conscience caught him," said the Namer. (The words for the firstborn child of a family in Oskilian, akhad, and in Kargish, gadda, are derived from the word haath, "dragon," in the Old Speech.) .observing this scene..there were no clear spaces here. "You have a true gift, Essiri," he said, using the name he had given the boy in the springs of the Amia, a word that in the Old Speech means Willow. "I don't entirely understand it. I think you don't understand it at all. Take care! To misuse a gift, or to refuse to use it, may cause great loss, great harm." .talk of how to destroy one another?" .Azver came between her and them, her words releasing him from the paralysis of mind and body that.defeated him. Plants and parts of plants and animals and parts of animals and islands and parts of islands, parts of ships, parts of the human body. The words never made sense, never made sentences, only lists. Long, long lists..maybe the pressure of my foot on the threshold was enough. The elevator took a long time going. "You went wrong. You've come back. But you're tired, Irioth, and the way's hard when you go alone. Come home with me."..Ogion shook his head. He let his sending sit down in the grass near Heleth, though it did not bend.She never went into the Grove without him, and it was many days before he left her alone within it. But one hot afternoon when they came to a glade among a stand of oaks, he said, "I will come back here, eh?" and walked off with his quick, silent step, lost almost at once in the dappled, shifting depths of the forest..have the strength in me to stop the man when he fled, nor the wits to send anyone after him. And."But after the Summoner and I got over the bruises on our souls, as you might say, and the great stupidity of mind that follows such a struggle, we began to think that it wasn't a good thing to have a man of very great power, a mage, wandering about Earthsea not in his right mind, and maybe full of shame and rage and vengefulness..He stood there a long time before he went down through the high grasses and the sparkweed. At the foot of the hill he came into a lane. It led him through farmlands that looked well kept, though very lonesome. He looked for a lane or path leading to the town, but there never was one that went eastward. Not a soul was in the fields, some of which were newly ploughed. No dog barked as he went by. Only at a crossroads an old donkey grazing a stony pasture came over to the wooden fence and leaned its head out, craving company. Medra stopped to stroke the grey-brown, bony face. A city man and a saltwater man, he knew little of farms and their animals, but he thought the donkey looked at him kindly..Maharion and Erreth-Akbe became "hearts brothers." They spent ten years together fighting the Kargs, whose occasional forays from the East had in recent times become a slave-taking, colonising invasion. Venway, Torheven and the Torikles, Spevy, Perregal, and parts of Gont were under Kargish dominion for a generation or longer. At Shelieth on Way, Erreth-Akbe worked a great magic against the Kargish forces, who had landed in "a thousand ships" on Waymarsh and were swarming across the mainland. Using an invocation of the Old Powers called the Waterlore (perhaps the same that Elfarran had used on Solea against the Enemy), he turned the waters of the Fountains of Shelieth-sacred springs and pools in the gardens of the Lords of Way-into a flood that swept the invaders back to the seacoast, where Maharion's army awaited them. No ship of the fleet returned to Karego-At..By that time there were many people of the Hand who knew what was afoot on Roke. Young people came there sent by them. Men and women came to be taught and to teach. Many of these had a hard time getting there, for the spells that hid the island were stronger than ever, making it seem only a cloud, or a reef among the breakers; and the Roke wind blew, which kept any ship from Thwil Bay unless there was a sorcerer aboard who knew how to turn that wind. Still they came, and as the years went on a larger house was needed for the school than any in Thwil Town..that darkened the air about him for an instant..Speech, which he must not speak. But she only shrugged, with a frowning smile..realm-for meeting and breeding, and had seldom even been seen by most of the islanders. Naturally.said, "Let us have the witch."
